The Portsmouth Museum Foundation is forever in our debt. Your talent and expertise in the selection and writing the grant requests have become legendary with the members of the Foundations. Thanks so much for embracing our project with such enthusiasm and special care. We could not have done it without you.

The GRANT Writer

BACKGROUND

Prior to establishing her own consulting firm in 1994, Brownie served as Director of Foundation and Government Grants at the University of Richmond and as Coordinator of Special Projects and Grants in the School of Continuing Studies and Public Policy at Virginia Commonwealth University. Between 1994–2003, she published *The Directory of Virginia Foundations* as owner of The Grantsmanship Service, Inc., and in 2009, she launched *GrantsTracker*, an online subscription grants management software. An adjunct faculty member for 18 years in schools of continuing studies at the University of Richmond, University of Virginia and Old Dominion University, she taught grant writing, research and prospect research. Brownie holds a Ph.D. from the University of Virginia, a M.Ed. from Virginia Commonwealth University and a BA from the University of Richmond.

SERVICES

Grant Research

Customized grant research for any project is a critical first step. We don't simply put in keywords and print out a list of funders. We qualify all prospects and review guidelines and past giving histories. The research results are appropriate for your organization. **Guaranteed.**

Proposal Development and Writing

Grant writing is our principal focus. We tailor our services to meet your needs, whether that be writing one grant or working with you on a more sustained basis.

Grant Coaching

Are you new to grant writing? Or do you just need someone to walk beside you to answer questions, read drafts and assist you each step of the way?
