

Supporter Engagement Platform

Easily Manage Your Entire Fundraising Ecosystem in One Location

Membership Management

Take membership payments, keep up with current or expired members, automate dues reminders and customized email receipts.

Volunteer Management

Keep track of volunteer hours, set up volunteer applications, and create volunteer pipelines for background checks and trainings.

Program Management

Give your registrants a seamless experience with topical program tags, an access code for special pricing, and an easy to navigate interface.

Donation Management

Create customizable, mobile-friendly, branded donation landing pages with one-time and recurring giving options as well as automated email receipts.

Constituent Management

User-friendly platform that integrates donors, members, volunteers, event and program attendees in one location. Quickly identify fundraising opportunities with powerful reporting.

Events Management

Manage ticket sales, raffle sales, peer to peer fundraising, and online silent auctions or integrate with your event management platform of choice.

Visit us at www.toteminsights.com to sign up for a personalized demo.

What Nonprofits Have to Say About Us

"My level of satisfaction for customer support is as high as I can get it. If it's one out of 10 I'm giving it a 10.5. Never once have I ever had a platform that I've worked with that has been so responsive to the needs of me as a nonprofit."

— **Chris Beach**
The Relationship Foundation

"The big thing that I would say for nonprofits that are interested in exploring Totem is the cost-effectiveness of the program especially compared to others and the customization that can be done that can be unique to your organization."

— **Dr. Jennifer Goff**
Executive Director of REACH

"Every once in a while I think that we are probably their only customer because of the time and effort that they devote to it. I know we're not, and that makes it even more impressive."

— **George Nowacek**
The Oratorio Society
of Virginia
