

**This year's Impact Forum has been cancelled
but you can still make an IMPACT on our nonprofits!**

As a past Impact Forum sponsor, I would like to invite you to join NetworkPeninsula as an **IMPACT PARTNER** so we can better position our nonprofits for a successful 2021!

When you join us as an **IMPACT Partner** this year, **HALF OF YOUR PARTNERSHIP** will be used to cover upcoming membership dues for our nonprofit members so they can continue to access programs to help them remain sustainable, including:

Items Available – we have developed valuable partnerships with Ferguson Enterprises, UPS, FEMA, and others to provide computers, office supplies, sanitizing supplies, & much more to nonprofit members.

Match Up Program – our new *Board Match program* has connected community members interested in joining a nonprofit board whose interests and skills match up with the needs of nonprofit members.

Peer to Peer Groups - valuable *Executive Director and Development Professional gatherings* to share challenges, receive feedback & know they are not alone!

Access to Continuing Education - Since April, **155 nonprofit leaders** participated in **12 webinars** focused on Keeping Stakeholders Engaged, Leadership Challenges, Reopening Legally & Logistically, Holding Effective Online Board Meetings, and more.

Connections – we have connected our nonprofit members with local businesses and other nonprofits who have helped them with IT services, cleaning services, bookkeeping services, legal inquiries, and much more.

Trainings – Our recent *Board Training Series* welcomed **28 new board members** learned more about their roles and expectations for serving, including fiduciary responsibilities, fundraising, and ethics and accountability for nonprofit boards.

Your partnership will not only **IMPACT** our nonprofits, but it will also **IMPACT your Business!**

- You will be recognized in our upcoming [Community e-Connections](#), accessed by 1,000+ individuals, nonprofits, businesses, and civic & faith-based groups across the Peninsula.
- You will be highlighted on our social media platforms through the rest of the year.
- You will be featured on our website's [Partner page](#) and in our [Partner Directory](#).

YOUR IMPACT on nonprofits across the Peninsula means they will be better positioned for 2021 with continued access to programs to help them move forward in meeting the growing needs of our communities.

**Thank you for
your support!**
