

Community Access Network

Community Access Network is recruiting to fill a key leadership position: **DIRECTOR, WILLIAMSBURG INTEGRATED CARE INITIATIVE**. This is a full-time, exempt position that reports to the Chief Executive Officer. The position is based in Williamsburg, Virginia and offers a hybrid in-person and remote work schedule.

Community Access Network:

The mission of Community Access Network is to ensure exceptional, quality, compassionate and comprehensive healthcare for every member of our community. We fulfill this mission by directly providing healthcare and health-related social services, as well as by creating a network of healthcare providers and organizations that prioritize health and compassion. We work together to break down the barriers that keep our neighbors from receiving the best individualized care.

Our vision is that everyone has a medical home providing optimal individual and community wellness.

Williamsburg Integrated Care Initiative:

The Director, Williamsburg Integrated Care Initiative provides strategic leadership to Community Access Network's Williamsburg Integrated Care Initiative. The Director will conduct planning, community engagement, resource mapping, needs prioritization, program design, and implementation strategy development in preparation for the operation of a comprehensive, integrated advanced primary care and behavioral health system for low-income individuals in the Greater Williamsburg area. The Director, in collaboration with volunteer teams, develops, implements, and monitors progress against strategies, outcomes and activities identified by Community Access Network (CAN). This position recruits, provides strategy development support, and staff leadership for the Williamsburg work groups. This position will develop and maintain relationships and civic infrastructure that can lead to improvements in key indicators affecting the overall health of the community.

Qualifications:

- Bachelor's degree in Healthcare, Social Work, Education, Human Services, or related field. Master's degree preferred.
- At least 3 years of experience in management with increasingly complex administrative, supervisory, and strategic and tactical planning responsibilities.
- Experience developing, managing, and nurturing coalitions and community planning efforts preferred.
- Knowledge of Community Health Needs Assessment and Implementation Plan processes and data collection.

- Practical data gathering, research, and analysis skills. Interest in and knowledge about current research/best practice in the field of integrated behavioral health systems, social determinants of health, general business and financial principles, evaluation, and ability to translate knowledge into best practices and actionable items.
- The ability to effectively present information (verbal and written) to community members, senior level leaders, public or community groups, and/or boards of directors.
- Experience in grants development, writing, management, and reporting.
- The ability to manage multiple priorities and meet scheduled deadlines. Self-motivated, with ability to work independently with minimal supervision.

Compensation:

Community Access Network offers highly competitive compensation packages, including generous paid time off; health, vision and dental insurance; and a 403B retirement plan with up to 6% employer matching.
