

We're looking for a Development Director

Are you looking to advance your career as a fundraising professional? Are you a development professional with several years of experience who is looking to move up to directing development for a respected non profit that serves youth who struggle to transition to adult life? Are you interested in working with a small but dedicated team in an outcomes-based environment with work schedule and work location flexibility?

Who We Are: The Together We Can Foundation (TWC) is a small 501C-3 with a full-time staff of three and an engaged and active board of directors. TWC has been in existence since 2008 with the mission of improving outcomes for disconnected youth across Hampton Roads in the transition to adult life and the workforce. We have served over 7000 youth with direct programming since 2010 with significant and measurable outcomes in the areas of high school completion, post-secondary education or skills training and employment. We have had a solid financial history but are looking to grow the program to meet increasing demand for services.

What We Are Looking For: A Development Director will serve as the primary resource for the development program particularly relating to individual and corporate donors and management of the donor database. Responsibilities include directing the annual fund, corporate giving, the planned giving program, database management, gift processing and acknowledgments, donor data reporting and analysis, supporting special events, assisting the Executive Director in the identification of and application for grants, along with general administrative support and other activities as needed.

Job Type: This is a salaried full-time position directly reporting to the Executive Director. The compensation range is \$65,000 to \$75,000 (commensurate with experience), plus benefits and a flexible work schedule and work location.

To apply or for more information you can contact Tom Crockett at tcrockett@twc-foundation.org for a full job description or to submit a resume and cover letter.
